

PORFIDIO BEYOND PLATA

Limited Edition | 10 Years Old

Porfidio Beyond Plata is a premium spirit crafted for true agave enthusiasts. This Super Jalisco Edition is produced from 100% Blue Weber agave plants that have reached eight years of maturation. The agave juice is extracted using the traditional Tahona method—a labour-intensive process that preserves the full spectrum of agave flavours and yields a spirit with remarkable body and character. This Unoaked expression is matured for ten years in 200-litre stainless steel tanks, ensuring the spirit retains its pure, vibrant agave profile without influence from the wood. Each batch is single-origin, single-vintage, highlighting terroir and artisanal techniques. Porfidio Blanco is triple-distilled for exceptional smoothness and transparency, making it ideal for sipping neat or as the foundation of refined agave cocktails.
