

KAIYO FIGEE 10TH ANNIVERSARY

Japanese Pure Malt Whisky PX Cask

FiGee is proud to celebrate its 10th Anniversary with an exclusive edition from Kaiyo. This exceptional single-barrel pure malt Japanese whisky reflects our dedication to quality and craftsmanship. This cask was carefully selected by Master Blender Jeffrey Karlovitch and FiGee's CEO, Gerik Spiquel. • Distilled from malted barley and matured in virgin Japanese Mizunara oak to obtain complex and delicate flavours. Then transferred to a first-fill Pedro Ximenez Sherry cask for a rich, sweet, and velvety finish. • Non-chill filtered to preserve its natural character and depth, bottled at cask strength of 56% ABV to deliver a robust & full-bodied experience. • Drawn from Single Barrel No. 1058, this one-of-a-kind Kaiyo FiGee's 10th Anniversary edition consists of just 176 individually numbered bottles, making each one a unique collector's item.
